As part of your first visit with us, we want to give you the best treatment possible. To properly diagnose your overall condition and complete a comprehensive exam, our policy is to obtain a series of radiographs (x-rays) of your entire mouth. If you have dental insurance, they may not pay the entire fee for these x-rays. If you have had a recent panoramic x-ray (within the last 3 years), please inform the staff. If you have any questions about your coverage, our administrative staff will be happy to assist you.

I have read the above policy regarding x-rays for my comprehensive exam. I understand that I am responsible for any charges not covered by my dental insurance.
